Commander's Corner

Hello to all the Families, friends, and Soldiers of the 51st Expeditionary Signal Battalion – Enhanced. It is hard to believe that it has been 90 days since our return from deployment! A lot of events have taken place since then, and if you've seen the motor pool lately, you will have noticed that we finally have all our equipment back. It was great to see everyone that attended the battalion dining out on the 11th of April and I hope you had a great time. For the next month we will focus on our equipment reset, change of command inventories, and continue preparation for exercise support in the coming months. Don't forget, 9 May is Military Spouse Appreciation Day and 11 May is Mother's Day! As always, thank you to all the friends, Soldiers, and Family members for your continued support and sacrifices. **Always Constant!**

CSM's Corner

The month of April has flown by for the Mercury Team. We started off the month with a Brigade NCOPD and attended the JBLM Orange Call for all our Signal Soldiers on JBLM. The following week we executed the SAAPM Ruck March led by Mrs. Brown and the Voice of Courage Team. We ended the week with executing our BN Dining Out where we had an opportunity to celebrate our BN accomplishments for the past year. The next week, the Bruins hosted a PRT session with CSM Costello and we closed out this week with the Easter Cross Ruck March led by our own UMT team. We ended the month with the SHARP Obstacle Course, Couples BSRT event, and an NCO Run. Additionally, several members of Team 51st were able to represent the BN at the Army Ten Miler Qualifier. Even though the BN received all its containers and vehicles from our recent deployment this month, the Mercury Team was still able to accomplish a variety of developmental and team build activities. Job well done Team. **Always Constant!**

XO's Corner

April has had some big muscle movements for the battalion, and with the inventories on home station equipment finished, the Battalion Rear Detachment was able to officially stand down. The motor pool is looking much busier; 504th Military Police Battalion became part of the team under 22D Corps Signal Brigade and moved their vehicles into the combined brigade motor pool. Additionally, the containers and rolling stock arrived at JBLM from CENTCOM, and the battalion put maximum effort in accomplishing the movement of all vehicles from the railhead back to the motor pool within two days. Looking forward, May will see renewed emphasis on getting the battalion's returned equipment into shape, as well as change of command inventories for both A and C Companies. **Always Constant!**

S3's Corner

The 51st ESB-E equipment has arrived and amid all the personnel transitioning, the next month will see a greater focus on the restoration of the battalion's full capability. Systems will undergo reset and revalidation as the new Soldiers and communication teams progress through training. All Soldiers must focus their attention on evolving into the most elite team member, maintainer, staff enabler, and leader to ensure rapid growth and readiness of this incredible, historic organization. The contributions that you make in this unit are visible and often coveted by your peer organizations, supported units, and combatant commanders. Stay disciplined, remain humble, and lean forward. **Always Constant!**

Highlanders...

SGT Harrison, the Headquarters and Headquarters Company Supply NCOIC, has been a cornerstone of our unit's operations over the past 2 years. His dedication and meticulous approach to supply management have ensured that all company needs are met efficiently and effectively. From managing turn-ins to coordinating lateral transfers, SGT Harrison has played an integral role in keeping our supply chain seamless. He also took the initiative to integrate supply training into our routine, enhancing the overall readiness and capability of our personnel. His proactive attitude and leadership have not only improved our supply operations but have also fostered a culture of excellence within the company. His efforts have directly contributed to our mission readiness and operational success. For these reasons and more, SGT Harrison is our Highlander of the month, a well-deserved honor that underscores his exceptional service and unwavering commitment to excellence.

Atlas...

Atlas demonstrated amazing teamwork and resilience by completing the SHARP ruck march, tackling an obstacle course, and enjoying a fun scavenger hunt. These activities helped build camaraderie and promote Sexual Harassment and Assault prevention, highlighting the company's dedication to being ready and supportive. After their successful deployment, Atlas received all their vehicles and containers, making the transition back to home base smooth. In recognition of her exceptional contributions during deployment, Mrs. Jennifer Buza was awarded the Bronze Order of Wahatchee for her support of the 51st ESB-E. Plus, five committed NCOs volunteered at a local elementary school, tutoring students and leading fun exercise sessions. This dedication to community service showcases Atlas Company's values and their commitment to fostering positive relationships beyond military responsibilities. **Strong and Steady, this is the way!**

Bruins...

Another month has come and gone with the Bruin Family continuing to Bear Down on taskings and events. Starting off the morning with a great workout lays the foundation for a productive and positive day especially when you have the BDE CSM and team working out with our company. Their presence increased moral and unit cohesion throughout the ranks from most junior to most senior. We participated in the BN 3-mile ruck, which further inspired our Soldiers to go further and do some hiking on their own. 2LT Song hiked up to the top of the mailbox peak in his spare time. Additionally, significant efforts were dedicated to preparing for and receiving redeployment vehicles and equipment ensuring readiness and accountability. Most notably, three Soldiers graduated from Basic Leaders Course (BLC) with one being selected as the Distinguished Graduate excelling the standard for peers and subordinates. Finally, two Bruins across the formation earned well-deserved promotions, which reflected their hard work, dedication and professional growth. Congratulations, 1LT Inman and SSG Woods! **Rise Above!**

Cobras...

As the weather is warming up, so is the pace of work. C Co has been fully invested in property inventories and equipment recovery. After accounting for property coming from rear-d and taking on the last of the Soldiers, we have moved all of our trucks back to the motorpool from the railyard and begun unpacking our containers. It's a long process, but ensures that our teams are equipped and our capabilities are preserved for future missions. In the meantime, we celebrated the past year with the 51st ESB-E Dining Out. Charlie Company is thankful to all those who attended and made it a successful and memorable event. As busy as we are, our leaders and Soldiers continue to succeed. We have four new graduates of BLC, Corporals Blaylock, Delgado, Montgomery, and Commandant's List Graduate CPL Singleton! We are excited to see how they and their fellow junior leaders perform in the coming months. **OSOK!**

Chaplain's Corner

On April 17, the UMT hosted a Cross Ruck March in recognition of the Easter season and to promote spiritual resilience within our formation. Soldiers from across the battalion joined together for this voluntary event, carrying weighted rucks while reflecting on the values of endurance, sacrifice, and hope. The Cross Ruck March reminded participants that just as physical endurance strengthens the body, spiritual endurance strengthens the soul. It was an opportunity for Soldiers to reflect on personal and spiritual growth, build camaraderie through shared experience, and honor the season of renewal and new beginnings. **Always Constant!**
